

Dear Michael and Dee

It is with utmost appreciation that I write to you this e-mail.  
I am  
Stephen Kamau Macharia. I am one of the beneficiaries of  
your  
organisation.

I wish to thank you for parenting me while I came in  
Britain, year 2004  
April for a heart operation. Right now I am well and I am  
going to join  
University very soon since I excelled academically last  
year.

Please receive thanks and greetings from my family.

Steven
